

Annual Native Plant Sale

It's time for pre-sale orders!

All orders are due February 14th

This year you have three options. You can order from any or all of them:

- Order trees and shrubs from Majestic Oaks.
- Order full flats of 10 pints, or half-flats of 5 pints, from Midwest Groundcovers.
- Order **full flats** of 38 plugs, also from Midwest Groundcovers. (Plan to order and share with a friend if you want less than a full flat.)

Pick-up for shrubs and trees will be at Johnson's Mound Forest Preserve on April 29th.
Pick-up for plants will be at Gray Willows Farm in Campton Township on May 6th.

To place a pre-order, **you must be a member** of Wild Ones.

How to Order *

If you are a member of Wild Ones, [click here to access the two order forms \(for Majestic Oaks and Midwest Groundcovers\)](#) as well as the [price list for the plugs from Midwest](#). When you open an order form, click the button toward the top that says **Enable Editing**; that will make it possible for you to type in your quantities.

- For trees and shrubs, enter the quantity for any shrubs and trees you're ordering. The order form will take care of the rest, entering price and totals. **
- For plants, enter a quantity in the full-flat column or the half-flat column. The form will enter a total each plant and also a total for all of the flats. This will be your final total unless you are going to order plugs.
- To order full flats of plugs, you will use the same order form as is used above for pints. Use the reference list (pdf file: 180-species in 38-cell flats reference) to find species and their prices. Enter the name and quantity (of flats) next to the price (from the reference list). The order form will then total the price of these flats and a final total for both kinds of flats
